- Schiff is not mentioned by CNN, ABC and CBS commenters. 'Schiff' is the fourth most frequent word in FoxNews after TFIDF analysis.

PERSONAL INTEREST IS IN SCHIFF'S EFFORTS TO TAKE LEGITIMATE PRESIDENT DOWN....

Ukraine meddling has NOT been debunked. Ukrainian court has judged that Ukraine has in fact interfered in our 2016 election. Schiff is a manipulative, biased liar.

Schiff a worse actor than .....well I can't think of anyone worse. Pelosi is just as dense.

Schiff is fighting for the himself. He knows that for his corrupt past will catch up with him very soon.

The most honesty I've seen in 3 yrs. Adam Schiff magnificent arrangement of each testimony to give America the full picture of how the corruption unraveled.

GFY schiffy

Schiff is right down there with hillary in the truth category..

eh, schiff you half wit don't talk bad about chalupa's i love chalupa's

ADAM SCHIFF IS A PATRIOT AND AMERICAN HERO

This is all such a waste of time and taxpayer money. Most is hearsay, or I thought, or I believe. Personal opinions. What a circus. Get rid of Pelosi and Schiff

The best is yet to come. Just wait  
until the Dems get Lev Parnas up  
there singing about Rudy Colludy  
and Drumpf who says he doesn't  
know the man but received  
hundreds of thousands of dollars  
from him. Drumpf really knows  
how to make enemies.

@Jason I CAN...

HOW MANY OF Trump's CROONIES HAVE BEEN  
INDICTED BECAUSE OF DRUMPFT???

Sit on that and rattle your brain for a while.

Well. He said he would drain the swamp.....

Hes delivering on that promise. Pence, Pompeo,  
Mulaney, Sonland, Giuliani, Jim Jordan, Devin Nunes,  
McConnell,

Their all going to jail or will be removed. YOU'RE DONE

Today solidifies that.

Drumpf should be on suicide watch.

@Ruth I really believe that Drumpf will cut a deal for immunity  
and resign once he sees that the end is near. These predictions  
of civil war will fade away once he's gone. Do you really believe  
you would take to the streets with your little pop gun and risk  
being shot down like a dog by the authorities to protect this  
con man and grifter? He will go the same way as Nixon.

@Poetic Gangsta only 2 what are they in jail for ..For tax evasion and the other was set up by the corrupt demonrats... only because they couldn't get them to turn and lie on Trump.. you watch to much cnn.

You need to use Google and turn the t.v. off .

THIS CHARADE IS CRAP FROM THE CRAP PART OF CONGRESS, THE DEMONRATS

@James Evans how's this for facts.

Taylor has third and fourth hand knowledge.

Sondland sent a text to Taylor months ago saying "the President said no quid pro quo" (we have the text) so he can say whatever he wants now, but it's clearly not what be believed at the time.

Sondland called the President and the President said "I want nothing, I want no quid pro quo, I want Zelinsky to do the right thing.

Volker and Morrison said their was no quid pro quo.

Obama fired all the Bush ambassadors so yovanavich needs to buy some tissues and man up.

Yovanavich said she didn't reply to the email that Demonrats sent to her before the whistleblower complaint went public but we have the email that proves she committed perjury.

The whistleblowers name is E r i c. C i a r a m e l l a and he is a former Whitehouse staffer under Obama, Biden and he worked for the corrupt Brennon. He met with Adam shit and lawyers before he blew the whistle. He was fired from the Whitehouse for leaking and he is a registered Democrat.

Vindman got destroyed at the hearing.

The aid was released without Ukraine opening up an investigation.

The Ukrainian President said that their was no pressure and the Ukrainian foreign minister said the same thing yesterday.

We have an email from burisma to the state department evoking Hunter Biden's name to solicit a meeting with senior Whitehouse officials to stop the investigation. Joe Biden had the prosecutor fired less than four weeks later.

We have Joe Biden on video bragging about the quid pro quo.

Perhaps we should investigate the plane filled with pallet loads of cash that Obama sent to Iran. \$150,000,000,000 to the world's biggest funders of terrorism.

You have heresay and TDS.

We have texts, emails, Ukrainian President's statement, released aid and no investigation.

Go back to mommy's basement.

Could be a mob boss at the helm - but so far nobody in his path has been killed or committed suicide. Then look at the Clintons and the number of honchos in the Clinton household that committed suicide for short lives - killed in their path.

I don't like any of these Tax Whores - both Demonrats and the Repugnant Party have been driving up the National Debt - T-Rump has been cranking up the debt and snorts printers ink at the Fed-up Reserve Press. So they got this flawed CONstitution that allows these Tax Whores to LIE to us and it not cost them one damn thing - thus Wee Wee on the People. So we will all finally be a FREE people when this shit hole government finally goes bankrupt.

Ronald Reagan said it best, 'Weeelll - uhm - govern-mint can't solve our problems, well - uhm - because - weelll - govern-mint is the PROBLEM.' So even Reagan realized we needed to get rid of the damned PROBLEM.

Checks and balance - is defined, if your own government investigates you, then you are forced to ask other governments to investigate the government that investigated you. BECAUSE the government is about to go bankrupt - thank God. Let us pray, 'Dear God - please let this miserable government go bankrupt soon - and be gone from our lives forever. - Amen'

All I've gotten out of these hearings is this: A corrupt government took out trillions in loans against its Tax Slaves so that it could give billions to another shit hole corrupt government. T-Rump promised us he would end footing the bill for other nations and their stupid ass wars.
